"If you can dream it. You can do it."
Walt Disney

Do you know that Walt Disney's friends laughed at him when he told them, very excitedly, that he planned to make a huge, magical child's playground? Do you know they laughed even more when he told them that people who travel from all over the world to visit his amazing Disneyland?

If you have the wherewithal to dream it, the law of attraction can deliver it.

There is a saying: 'Rome wasn't built in a day.' And neither was Disneyland. Everything worthwhile takes a dream - a dream so clear that it feels real. It takes planning and it takes daily focus. Remember the tortoise won while the hare was napping.

Have a vision but don't be afraid of it.

Are you ready for transformation?

*"Nothing changes until the pain of remaining the same
outweighs the pain of change."*

Arthur Burt

We start out feeling uncomfortable where we are. Perhaps we feel more than uncomfortable, perhaps it's painful where we are.

Our experiences of life cause us to dream and imagine. We imagine having all the wonderful things we want in life. And in our dreams we have a fairy godmother – or at least their wand – that can change our lives. But life isn't like that.

To be able to live the life we want, we have to be ready to leave the pain behind and become something new. Creating and living a better life is all about our own personal transformation. It's time to go into the cocoon and come out the butterfly.

Your transformation is down to you.
Or you could say 'If it's going to be, it's up to me.'

Affirmations

I live each day with passion and purpose.

I easily achieve all my goals and dreams.

*"Getting from where you are to where you want to be
is all about mind-set."
Jack Canfield*

I know you can remember a time when you set your mind on something or wanted to achieve something particular, that you put your head down, focused, and did everything you needed to do to get you to where you wanted to be.

Perhaps another word for mind-set would be Intention. Intention is very powerful indeed. Perhaps another word we could use is Commitment.

When we want to achieve something particular, setting a goal is a good example, we make a commitment and set our intention to get where we want to go – and we develop the mind-set that will take us there.

Mind-set is everything. I know you've done it before – and I know you can do it again.

Affirmations

I give myself permission to be powerful.
I AM a powerful and resourceful creator.
